My Fellow Members!

Here we are starting a New Year! Yes, we are still in limbo about many of the New Regulations (Note: I am not calling them laws, because they have not been voted on by our State Representatives in Salem or by the people of Oregon) thus that means they are only rules or regulations. Hence forth only rules and regulations that are written in regards as to how a Law will be enforced is lawful. Rules and Regulations set forth as Laws are unlawful and must be rejected by the people.

This is going to be a Year we can really begin to change things for the better. I have a petition which I will be bringing to the meetings. It is to repeal all the "Emergency" enacted BILLS by our State Legislators. Many people aren't aware that when they pass a Bill / Law / ECT... and put the "Emergency Clause" on the end of it, that the people do not have the right to petition and have the bill/law placed on the ballot for a vote of the people. Thus we are being ruled by dictators. Thus we are no longer being represented as required by the Constitution.

This is going to be a very interesting year for America, the People and of course Oregon. Oregon will be having a 35 day Legislative Session starting the first week of February. The purpose of the Session is supposed to only last long enough to ensure that the State Budget is Correct. However this year it has been reported that the State Legislators are gearing up for a big push on several items that should be handled in regular years. First on the List is an Increase in Taxes: This will be seen at the gas pumps and all other fuels called a "Carbon Tax". Gun Registration, Water Rights, Land Use, and a dozen others all to be slammed through in this 35 day session. And of Course all Bills will be attached with "Emergency Clause" on the end of it.

It has also been brought to my attention that our Appointed Dictatress is now running for the Office of Dictator in Charge. Otherwise known as the Governorship.

NOTE; There is only one day outing listed for next year. We decided at the Board Meeting it would be better to arrange something for each month at the monthly meeting.
If you would like to volunteer to lead an outing such as Metal Detecting. That would be Great!

We will have a chance in November to Clean House, both at the State Level and National Levels this year. Your vote is so important this time, I can't find words to express how important it is. However, remember this! Our Founding Fathers stepped up and many gave their all and lost everything including family to make this country. For over 200 years our young men and women have stepped into the shoes and boots of our Founders to protect this Country. I was one of them and am proud to have done so. Many times I went in harms way knowing what I was doing was right. Should we the people of Oregon fail to once again take control of our State and Nation. Then we have failed our Children and all those who gave their ALL so that we could have such a wonderful place to live. I've been all over the world. I can tell you now that all those Countries reported by our not so intelligent News Media are not Free! They don't have our first 5 Amendments to protect them.

Amendment I

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.

Amendment II

A well regulated Militia being necessary to the security of a free state, the right of the people to keep and bear Arms shall not be infringed.

Amendment III

No Soldier shall, in time of peace be quartered in any house, without the consent of the Owner, or in time of war, but in a manner to be prescribed by law.

Amendment IV

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the person or things to be seized.

Amendment V

No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment of a Grand Jury, except in cases arising in the land or naval forces, or in the Militia, when in actual service in time of War or public danger; nor shall any person be subject for the same offence to

Much has been written and spoken about these first 5 Amendments. Oregon's Constitution follows almost word for word the Constitution of the United States as far as personal and State Rights are concerned. However, the Constitution of Oregon has been demented by over zealot politicians, greedy people.

If I have offended anyone, then "TO
