## Club Members:

As requested by members we are now looking into moving the Club Meetings. So if you haven't been attending meetings because of the smell I understand. Hopefully at this meeting we will have a few places and costs so that we can make a choice and move forward. I understand some will not attend the meetings while we are at the Grange Hall. So I am going to ask you to email me ([laser1952@gmail.com](mailto:laser1952@gmail.com)) or call me 1-541-808-4473.

The Island Park Outing on Cow Creek was fun for those who attended. Some good holes were dug and I am looking forward to hearing how people did. Jerry and I teamed up as did several others.

Things are still not going well for miners. It seems that BLM is having secret public meetings. Yup! you read that correctly. They refuse to follow the laws about publishing times and dates of meetings along with how to submit written comments. Law requires that the publish public meetings a minimum of 30 days in advance. Their agenda must be published along with it.

The Minute Men are standing down from the Sugar Pine Mine. However, they are moving to protect several other mines in the area and have notified BLM that they are close by. At this time I know of no court dates.

We are aware that the smell is bad. Possible of Green Acers same price as here at Glasgow.

Definitely don't want to have Christmas party here.

Will look into Coos Bay Senior Center.

Dennis: Gay 90's info, we will be set up Steve Tucker Appliance. We need helpers. On June 6th from 9am till about 4pm. And another opportunity to get tickets to win gold at Christmas.

SB941: If you want to give a gun or sell a gun to someone you would have to do a background check through a gun dealer.

Grants Pass update: Sugar Pine Mine, check out [www.badcounty.com](http://www.badcounty.com)

Jerry: Department of State Lands are now mailing out General Authorizations

Larry has an older High banker for sale for \$100.00 Still no progress on the Trammel.

Island Park May 16 and 17. This is first overnighter.

Good success at the gun club had about 255 kids. SW Washington Miners were here and handed the event over to us. This was a great learning curve. Everyone walked away with gold. They got a pan, vial, bag of sand, and a snuffer. This stuff was provided by Armadillo Mining.

Motion to adjourn and second.

Note the change for the Day and Over Night Outings in June. I've done this because we are acquiring two (2) New Claims on the Sixes River! Jerry will have more information at the meeting. I really want to say more, but I won't. This is exciting! Of course if you have joined us on facebook you already know about it. Not the details. I can tell you that we will have some work to do on the New Claims. Both have been un-improved for the pasted few years. Our day outing on June 13 will be to do some of the improvement work needed. I will be sure to have plenty of Claim Work Sheets! We will also need some New Signs Made marking the claims. Jerry and I are working on the paper work. Mostly Jerry! I just sign the forms.

I will have an EPA Report to read at the meeting. Also have you wondered why ammunition is so hard to come by? I think I have the answer! The EPA along with the President of the United States and the backing of the UN forced the only Lead Mine and Foundry (Located in Missouri) to close last year. Along with Home Land Security purchasing 1.6 billion rounds ( more ammo than used in Iraq and Afghanistan combined). Thus creating a false shortage until they could shut down the lead mine. Now they control the importation of lead. Thus who needs gun control! Control the supply of lead and you control the guns! So I am no longer looking for just gold! I am looking for lead also! The price of lead is about to go sky high! So during this mining season be sure to save your lead!
